REPORT OF THE WORKING PARTY ON THE ACCESSION OF VENEZUELA

Addendum

Transposition of Schedule LXXXVI - Venezuela into NANDINA (Harmonized System)

During the bilateral tariff negotiations carried out by Venezuela with a view to establishing its schedule of concessions, the Government of Venezuela undertook to transpose the concessions negotiated in the NABANDINA nomenclature into the NANDINA (Harmonized System) nomenclature and to grant concessions on the basis of eight digits. It also undertook to provide the necessary documentation to this effect.

The secretariat has now received an additional concordance table¹ of the Venezuelan Schedule between the NANDINA (Harmonized System) and NABANDINA tariff nomenclatures. Two copies of this document are being sent to each contracting party.

The Government of Venezuela will provide as soon as possible a proposed detailed schedule of Venezuela in NANDINA (Harmonized System) for distribution to contracting parties.
