I. BOVINE MEAT, PIGMEAT, POULTRY

A. Observations

1. The Community regulations provide that, to the extent necessary to permit the export of bovine meat, pigmeat and poultry on the basis of the prices obtaining in international trade, the difference between those prices and the Community prices may be covered by an export refund.

2. In respect of the amount of the refund, the periods considered are as follows:

1968: 1 July 1967 to 30 June 1968

1969: (a) 1 July 1968 to 30 June 1969
(b) 1 July 1969 to 31 December 1969

1970: 1 January 1970 to 31 December 1970

1971: 1 January 1971 to 31 December 1971

1972: 1 January 1972 to 31 January 1973

The value of exports with export refund is not available. However, for the Group's information, the value of total exports (with or without refund) is given in the column showing exports with export refund.

The amount of the refunds granted for each separate product in the different sectors is not available. However, the total amount of the refunds for all the different sectors (bovine meat, pigmeat and poultry) is indicated in the column showing the total amount of the refunds. These data are provisional.

II. FISH, CRUSTACEANS AND MOLLUSCS

A. Observations

1. The Community regulations provide that, to the extent necessary to permit economically important exports on the basis of the prices of these products obtaining in the world market, the difference between those prices and the Community prices may be covered by an export refund.

Refund payments were started in October 1971.

2. In respect of the amount of the refund, the periods considered are as follows:

1971: 1 January to 31 December

1972: 1 January 1972 to 31 January 1973

The value of exports with export refund is not available. However, only cod and salted dried coalfish exported to certain destinations benefit from an export refund. By way of indication, in 1972, 6,681 tons of salted coalfish and about 500 tons of cod were exported with an export refund.

V. FRUIT AND VEGETABLES

A. Observations

1. Fruit and vegetables falling within heading Nos. 07.01 (except 07.01 A) and 08.02 to 08.09 of the Common Customs Tariff

The Community regulations provide that, to the extent necessary to permit economically important exports on the basis of prices of these products in international trade, the difference between these prices and those obtaining in the Community may be covered by an export refund.

This Community system, which has been in force only since the beginning of 1970, was applied only during certain periods of 1970 and 1971 and for only the following products: sweet oranges, mandarines, lemons, table grapes, shelled almonds, walnuts, shelled hazelnuts, apples, peaches and tomatoes.

2. Processed products of fruit and vegetables

The Community regulations provide that for sugar, glucose and glucose syrup incorporated in processed products of fruit and vegetables, a refund on exports to third countries may be granted to cover the difference between the prices of white sugar, glucose and glucose syrup obtaining on the world market and prices of these products inside the Community, where the world market price is lower than the price inside the Community.

3. General remarks

The value of exports with export refund is not available. Nor is the amount of the refunds granted for each of the various products in the sector available. However, the total amount of refunds for the whole sector is given in the column showing the total amount of export refunds. These are provisional data.

VI. CEREALS

A. Observations

1. The Community regulations provide that, to the extent necessary to permit the export of cereals on the basis of international trade prices, the difference between these prices and the Community prices may be covered by an export refund.

2. In respect of the amount of the refunds, the periods considered are as follows:

1968: 1 July 1967 to 30 June 1968

1969: (a) 1 July 1968 to 30 June 1969
(b) 1 July 1969 to 31 December 1969

1970: 1 January 1970 to 31 December 1970

1971: 1 January 1971 to 31 December 1971

1972: 1 January 1972 to 31 January 1973

The value of exports with export refund is not available. However, for the Group's information, the value of total exports (with or without refunds) is given in the column showing exports with export refund.

The amount of the refunds granted for the various products in the cereals sector is not available for the years from 1968 onwards. However, the total amount of the refunds for the entire cereals sector is indicated in the column showing the total amount of export refunds. These are provisional data.

VII. OILSEEDS AND VEGETABLE OILS

A. Observations

1. Oilseeds

The Community regulations provide that when oilseeds harvested in the Community are exported to third countries a refund may be granted in an amount not exceeding the difference between Community prices and world prices if the former are higher than the latter. The oilseeds on which a refund has been paid are colza seed, rapeseed and sunflowerseed. However, owing to the small amounts of sunflowerseed available for export, no refund has been granted since 1 July 1969.

2. Olive oil

The Community regulations provide that, when olive oil is exported to third countries, when the Community price is higher than world prices, the difference between these prices may be covered by a refund.

3. General remarks

In respect of the amount of the refund, the periods considered are as follows:

1968:	1 July 1967 to 30 June 1968
1969:	(a) 1 July 1968 to 30 June 1969
	(b) 1 July 1969 to 31 December 1969
1970)	
1971)	1 January to 31 December
1972:	1 January to 31 January 1973

The amount of the refunds granted for each of the various products (colza-seed, rapeseed and sunflowerseed and olive oil) is not available. However, the total amount of the refunds for the sector as a whole is given in the column showing the total amount of export refunds. These are provisional data.

VIII. SUGAR

A. Observations

1. The Community regulations provide that, to the extent necessary to permit the export of beet sugar or cane sugar, molasses and other sugar syrups on the basis of quotations or prices on the world market, the difference between these quotations or prices and the Community prices may be covered by an export refund.
2. In respect of the amount of the refunds, the periods considered are as follows:

1968: 1 July 1967 to 30 June 1968
1969: (a) 1 July 1968 to 30 June 1969
 (b) 1 July 1969 to 31 December 1969
1970) 1 January to 31 December
1971)
1972: 1 January 1972 to 31 January 1973

The value of exports with export refund is not available. However, for the Group's information, the value of total exports (with or without refunds) is given in the column showing the exports with export refund.

The amount of the refunds granted for each of the various products in the sugar sector is not available for the years from 1968 onwards. However, the total amount (provisional figures) of the refunds for the sector as a whole is indicated in the column showing the total amount of export refunds.

A. Observations

1. The Community regulations, which have been in force only since 1970, provide that, to the extent necessary to permit economically important exports on the basis of the prices obtaining in international trade, the difference between these prices and the Community prices may be covered by an export refund.
2. However, refunds have been granted only since March 1971 and exclusively for certain table wines that meet the qualitative characteristics of table wines of the production regions from which they come and solely in respect of certain specified destinations.
3. The value of exports with export refund is not available.

A. Observations

The Community regulations, which entered into force only in 1970, provide that to the extent necessary to permit exports on the basis of the prices obtaining on the world market, the difference between these prices and the Community prices may be covered by an export refund. Save in exceptional cases, it is fixed within the limits of the incidence of the common customs tariff duty calculated on the basis of the average offer prices obtaining in third countries.

However, no expense has been incurred for the first three years of application (1970 to 1972).

XI. RICE**A. Observations**

1. The Community regulations provide that, to the extent necessary to permit exports of this product on the basis of quotations or prices on the world market, the difference between these quotations or prices and Community prices may be covered by an export refund.

2. In respect of the amount of the refunds, the periods considered are as follows:

1968: 1 July 1967 to 30 June 1968

1969: (a) 1 July 1968 to 30 June 1969

(b) 1 July 1969 to 31 December 1969

1970)
) 1 January to 31 December

1971)

1972 1 January 1972 to 31 January 1973

The value of exports with export refund is not available. However, for the Group's information, the value of total exports (with or without refunds) is given in the column showing the exports with direct assistance.

The amount of the refunds granted for each of the various products in the sector is not available for the years from 1968 onwards. However, the total amount (provisional figures) of the refunds for rice sector as a whole is indicated in the column showing the total amount of export refunds.

REGULATION (EEC) No 65/74 OF THE COMMISSION
of 10 January 1974
fixing the export levies on cereals

THE COMMISSION OF THE EUROPEAN COMMUNITIES.

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 120/67/EEC⁽¹⁾ of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 1346/73⁽²⁾;

Having regard to Council Regulation (EEC) No 1968/73⁽³⁾ of 19 July 1973 laying down general rules to be applied in the event of the cereals market being disturbed, as amended by Regulation (EEC) No 2632/73⁽⁴⁾, and in particular Article 4 (2) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas Article 19 of Regulation No 120/67/EEC provides that the necessary measure may be taken if the cif price of one or more products is appreciably higher than the threshold price and if that situation is likely to continue thereby disturbing or threatening to disturb the Community market;

Whereas Regulation (EEC) No 1968/73 specifies that the cif price may be regarded as appreciably higher than the threshold price when it exceeds it by at least 2 %; whereas this excess may be regarded as being likely to continue where an imbalance between supply and demand is established and where this imbalance is likely to persist having regard to foreseeable production and market price trends;

Whereas the high level of prices in international trade could impede importation of common wheat, maize, barley, sorghum and wheat groats and meal into the Community or provoke exportation from the Community;

Whereas the situation described above can be said to exist at the present time; whereas to ensure supplies in the Community an export levy should be introduced for these products;

Whereas, in view of the relationship between the basic product and the products processed from it and given the market situation for certain processed

products, an export levy for these products must also be fixed;

Whereas the threshold prices for the 1973/74 marketing year were fixed by Council Regulation (EEC) No 1964/73⁽⁵⁾ of 17 July 1973;

Whereas Article 3 of Regulation (EEC) No 1968/73 specifies that when the export levy is being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals on the Community market on the one hand and prices for cereals and cereal products on the world market on the other; whereas the same article provides that it is also important to ensure equilibrium and the natural development of prices and trade on cereal markets and furthermore, to take into account the economic aspect of the proposed exports and the need to avoid disturbances on the Community market;

Whereas for the products, other than starches, listed in Article 1 (c) and (d) of Regulation No 120/67/EEC the specific factors set out in Article 3 (2) of Regulation (EEC) No 1968/73 must also be taken into account;

Whereas the export levy may be varied if the world market situation or the specific requirements of certain markets make this necessary;

Whereas, if the levy system is to operate normally, the following should be used to calculate the levies:

— for currencies the exchange rates for which are kept, at any given moment within a band of 2-25 %, a conversion rate based on their actual parity;

— for other currencies a conversion rate based on the arithmetic mean of the spot market rates for each of these currencies against the Community currencies referred to in the preceding paragraph over a specified period;

(1) OJ No 117, 19. 6. 1967, p. 2259/67.

(2) OJ No L 141, 28. 5. 1973, p. 8.

(3) OJ No L 201, 21. 7. 1973, p. 10.

(4) OJ No L 272, 29. 9. 1973, p. 18.

(5) OJ No L 201, 21. 7. 1973, p. 3.

Whereas it follows from applying the rules outlined above to the present situation on the market in cereals, and in particular to quotations or prices for these products within the Community and on the world market, that the export levies should be fixed as shown in the Annex to this Regulation;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Cereals,

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 10 January 1974.

HAS ADOPTED THIS REGULATION:

Article 1

The export levies referred to in the first indent of Article 2 (1) of Regulation (EEC) No 1968/73 are hereby fixed as shown in the Annex for the products listed therein.

Article 2

This Regulation shall enter into force on 11 January 1974.

(v) Officially certified seeds are understood to be those seeds contained in the packages officially sealed and officially labelled as 'basic seed', 'certified seed, first generation', 'certified seed, second generation' conforming to the provisions of the Council Directive of 14 June 1966 on the marketing of cereal seed (OJ No L 125, 11.7.1966, p. 230/66) and of the Council Decision of 26 March 1973 on the equivalence of seed produced in Denmark, Ireland and the United Kingdom (OJ No L 106, 20.4.1973, p. 12).

REGULATION (EEC) No 1968/73 OF THE COUNCIL

of 19 July 1973

laying down general rules to be applied in the event of the cereals market being disturbed

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 120/67/EEC⁽¹⁾ of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 1346/73⁽²⁾, and in particular the second paragraph of Article 19 thereof;

Having regard to the proposal from the Commission;

Whereas Article 19 of Regulation No 120/67/EEC provides that, when the cif price of one or more of the products mentioned in Article 2 of that Regulation is appreciably higher than the threshold price, and that situation is likely to continue, thereby disturbing or threatening to disturb the Community market, the necessary measures may be taken;

Whereas the general rules for applying these provisions, and in particular the criteria for establishing that the cif price is appreciably higher than the threshold price and for deciding whether the situation is likely to continue, should be laid down;

Whereas, to avoid disturbances on the Community market, it is necessary to ensure an adequate supply of cereals; whereas, to this end, levies could be charged on exports and the total or partial suspension of the issue of export licences;

Whereas it is also necessary to establish criteria for calculating the export levies having regard to the economic situation;

Whereas Community obligations to supply food aid are such that exports of products for that purpose should be excluded from this Regulation;

HAS ADOPTED THIS REGULATION:

Article 1

1. The cif price shall be regarded as appreciably higher than the threshold price within the meaning of

⁽¹⁾ OJ No 117, 19. 6. 1967, p. 2269/67.
⁽²⁾ OJ No L 141, 28. 5. 1973, p. 8.

Article 19 of Regulation No 120/67/EEC when it exceeds it by at least 2 %.

2. This excess shall be regarded as being likely to continue where an imbalance between supply and demand is established and where this imbalance is likely to persist, having regard to foreseeable production and market price trends.

3. The Community market shall be regarded as being disturbed or threatened with disturbance, as a result of the situation referred to in paragraphs 1 and 2, where international trade prices are so high as to impede importation of products mentioned in Article 2 of Regulation No 120/67/EEC into the Community, or provoke exportation of such products from the Community, either of which situations would jeopardize supplies within the Community.

Article 2

1. Where the conditions specified in Article 19 of Regulation No 120/67/EEC are met, in accordance with the criteria laid down in Article 1, the following measures may be taken:

- application of an export levy, which may be fixed by a tendering procedure,
- fixing of a time limit for the issue of export licences,
- total or partial suspension of the issue of export licences,
- total or partial rejection of outstanding requests for the issue of export licences.

2. The measures provided for in paragraph 1 may be taken in respect of one or more of the products listed in Article 1 of Regulation No 120/67/EEC, where this is made necessary by the market situation and the relationship between those products.

3. The measures referred to in paragraph 1 shall be abrogated at the latest as soon as it is found that, for a period of three consecutive weeks, the condition referred to in Article 1 (1) is no longer fulfilled.

Article 3

1. The following shall be taken into account when the export levy is being introduced:
 - (a) situation and trends:
 - for cereal prices and available quantities on the Community market;
 - for cereal prices and for prices of products falling within the cereals sector on the world market;
 - (b) the objectives of the common organization of the market in cereals, namely to balance that market both as regards supplies and as regards trade;
 - (c) the economic aspect of the exports.
2. The export levy:
 - (a) for products referred to in Article 1 (a) and (b) of Regulation No 120/67/EEC shall be fixed on the basis of the difference between the cif price and the threshold price;
 - (b) for the products referred to in Article 1 (c) of Regulation No 120/67/EEC shall be derived from that applicable to the basic cereal, having regard in particular to the quantity of that cereal necessary to manufacture the relevant products;
 - (c) for the products referred to in Article 1 (d) of Regulation No 120/67/EEC, with the exception of products falling within subheading Nos 11.08 A I, III, IV and V, heading No 11.09 and subheading Nos 17.02 B II, 17.05 B and 23.03 A I of the Common Customs Tariff, shall be derived from that applicable to the basic cereals to which they relate by applying the coefficients set out in Annex II, Table A, to Regulation (EEC) No 968/68⁽¹⁾ and in the Annex to Regulation (EEC) No 1052/68⁽²⁾.
3. Where the situation on the world market or the specific requirements of certain markets so require, the export levy may be differentiated.
4. The export levy to be charged shall be that in force on the day of exportation.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 19 July 1973.

For the Council
The President
J. KAMPMANN

⁽¹⁾ OJ No L 166, 7.7.1968, p. 2.
⁽²⁾ OJ No L 179, 25.7.1968, p. 8.

However, the export levy in force on the day on which the licence is applied for may, on application from the interested party be lodged at the same time as the application for a licence, and before 1 p.m. be applied to exports to be effected during the period of validity of that licence.

5. No levy shall be applied to exports effected by way of food aid under Article 22a of Regulation No 120/67/EEC.

Article 4

1. Detailed rules for the application of this Regulation shall be adopted in accordance with the procedure laid down in Article 26 of Regulation No 120/67/EEC.

2. The Decision to introduce and to abolish, for each of the products, the measures referred to in Article 2 shall be taken in accordance with the same procedure.

Article 5

In an emergency the Commission may take the measures referred to in the first indent of Article 2 (1). It shall notify its Decision to the Member States and shall publish it on the notice boards at its Headquarters.

The measures shall, by virtue of such a Decision, be applied to the relevant products from the date specified to this end; this day shall be subsequent to that of notification.

Such a Decision shall apply for not more than seven days.

Article 6

This Regulation shall enter into force on the third day following that of its publication in the *Official Journal of the European Communities*.

**REGULATION (EEC) No 21/74 OF THE COMMISSION
of 3 January 1974
fixing the export levies on rice**

**THE COMMISSION OF THE EUROPEAN
COMMUNITIES,**

**Having regard to the Treaty establishing the European
Economic Community;**

**Having regard to Council Regulation No 359/
67/EEC⁽¹⁾, of 25 July 1967 on the common organiza-
tion of the market in rice as last amended by the Act
of Accession⁽²⁾;**

**Having regard to Council Regulation (EEC) No
2737/73⁽³⁾ of 8 October 1973 laying down general
rules to be applied in the event of the rice market
being disturbed, and in particular Article 4(2) thereof;**

**Having regard to the Opinion of the Monetary
Committee;**

**Whereas Article 21 of Regulation No 359/67/EEC
provides that the necessary measures may be taken if
the cif price of one or more products is appreciably
higher than the threshold price and if that situation is
likely to continue thereby disturbing or threatening to
disturb the Community market;**

**Whereas Regulation (EEC) No 2737/73 specifies that
the cif price may be regarded as appreciably higher
than the threshold price when it exceeds it by at least
2%; whereas this excess may be regarded as being
likely to continue where an imbalance between supply
and demand is established and where this imbalance
is likely to persist having regard to foreseeable produc-
tion and market price trends;**

**Whereas the high level of prices in international trade
could impede importation of rice into the Community or
provoke exportation from the Community;**

**Whereas the situation described above can be said to
exist at the present time; whereas to ensure supplies
in the Community an export levy should be intro-
duced for this product;**

**Whereas in view of the relationship between the rice
and products processed from it and given the market
situation for these products, an export levy must also
be fixed for all products processed from rice;**

**Whereas the threshold prices for husked rice, wholly
milled rice and broken rice were fixed for the 1973/74
marketing year by Regulations (EEC) Nos 1962/73⁽⁴⁾
and No 2024/73⁽⁵⁾;**

**Whereas Article 3 of Regulation (EEC) No 2737/73
specifies that when the export levy is being fixed
account must be taken of the existing situation and
the future trend with regard to prices and availabilities
of rice on the Community market on the one hand
and prices for rice and products processed from it on
the world market on the other; whereas the same
Article provides that it is also important to ensure
equilibrium and the natural development of prices
and trade on rice markets and furthermore, to take
into account the economic aspect of the proposed
exports and the need to avoid disturbances on the
Community market;**

**Whereas for the products listed in Article 1(c) of
Regulation No 359/67/EEC the specific factors set out
in Article 3(2) of Regulation (EEC) No 2737/73 must
also be taken into account;**

**Whereas the export levy may be varied if the world
market situation or the specific requirements of
certain markets make this necessary;**

**Whereas, if the levy system is to operate normally, the
following should be used to calculate the levies:**

- for currencies the exchange rates for which are
kept at any given moment within a band of
2·25%, a conversion rate based on their actual
parity;**
- for other currencies a conversion rate based on the
arithmetic mean of the spot market rates for each
of these currencies against the Community curren-
cies referred to in the preceding paragraph over a
specified period;**

**Whereas it follows from applying the rules outlined
above to the present situation on the market in rice,
and in particular to quotations or prices for these
products within the Community and on the world
market, that the export levies should be fixed as
shown in the Annex to this Regulation;**

REGULATION (EEC) No 67/74 OF THE COMMISSION

of 10 January 1974

fixing the premiums to be added to the levies on rice and broken rice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 359/67/EEC⁽¹⁾ of 25 July 1967 on the common organization of the market in rice, as last amended by the Act⁽²⁾ annexed to the Treaty⁽³⁾ on the Accession of new Member States to the European Economic Community and the European Atomic Energy Community, signed at Brussels on 22 January 1972, and in particular Article 13 (6) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas the premiums to be added to the import levies fixed in advance for rice and broken rice must include a premium for the current month and a premium for each of the following months until the expiry of the period of validity of the import licence, whereas this period of validity was laid down in Article 20 (2) of Commission Regulation (EEC) No 2637/70⁽⁴⁾ of 23 December 1970, as last amended by Regulation (EEC) No 128/73⁽⁵⁾;

Whereas Council Regulation No 365/67/EEC⁽⁶⁾ of 25 July 1967, as last amended by Regulation (EEC) No 2435/70⁽⁷⁾, lays down rules for the advance fixing of levies on rice and broken rice;

Whereas under the terms of Regulation No 365/67/EEC, where the cif price for husked rice for milled rice or for broken rice determined on the day on which the premiums are fixed is higher than the cif forward delivery price for the same product, the premium should as a general rule be equal to the difference between these two prices; whereas the cif price is that determined in accordance with Article 16 of Regulation No 359/67/EEC on the day on which the premiums are fixed; whereas the detailed rules for determining cif prices were laid down in Regulation (EEC) No 1613/71⁽⁸⁾, as last amended by Regulation (EEC) No 363/72⁽⁹⁾; whereas the cif forward delivery price must also be determined in accordance with

Article 16 of Regulation No 359/67/EEC but on the basis of offers at North Sea ports; whereas this price must be the cif price for shipment during the month in which the import licence is issued in the case of imports to be effected during that month; whereas this price must be the cif price for shipment during the month in which importation is expected to take place in the case of imports to be effected during the month following the month in which the import licence is issued; whereas this price must be the cif price for shipment during the month preceding the month in which importation is expected to take place in the case of imports to be effected during the remaining months for which the import licence is valid; whereas, if no offer for forward delivery is made for shipment during a given month, this price should be the price ruling for shipment during the last month in which an offer for forward delivery was made;

Whereas the premium is equal to 0 units of account if the cif price determined on the day on which the scale of the premiums is fixed is equal to the cif forward delivery price or exceeds that price by not more than 0.025 units of account per 100 kilogrammes;

Whereas the premium may, however, be fixed at a higher level in exceptional circumstances and within certain specified limits;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis:

— in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity;

— for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas it follows from applying all these provisions that the premiums should be fixed as shown in the Table annexed to this Regulation; whereas the amount of the premiums should be altered only if application of the abovementioned provisions entails a change of more than 0.025 unit of account;

**REGULATION (EEC) No 2757/73 OF THE COUNCIL
of 8 October 1973**

laying down general rules to be applied in the event of the rice market being disturbed

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No. 359/67/EEC⁽¹⁾ of 25 July 1967 on the common organization of the market in rice, as last amended by the Act of Accession⁽²⁾, and in particular the second paragraph of Article 21 (2) thereof;

Having regard to the proposal from the Commission;

Whereas Article 21 of Regulation No 359/67/EEC provides that, when the cif price of one or more of the products mentioned in Article 16 (1) of that Regulation is appreciably higher than the threshold price, and that situation is likely to continue, thereby disturbing or threatening to disturb the Community market, the necessary measures may be taken;

Whereas the general rules for applying these provisions, and in particular the criteria for establishing that the cif price is appreciably higher than the threshold price and for deciding whether the situation is likely to continue, should be laid down;

Whereas, to avoid disturbances on the Community market, it is necessary to ensure an adequate supply of rice; whereas, to this end, levies could be charged on exports and the issue of export licences totally or partially suspended;

Whereas it is also necessary to establish criteria for calculating the export levy having regard to the economic situation; whereas consequently in order to continue an export policy which will be adequate in this situation and will be in accordance with market requirements, it is necessary that the levy should be subject solely to the criteria governing export arrangements;

Whereas Community obligations to supply food aid are such that exports of products for that purpose should be excluded from this Regulation,

HAS ADOPTED THIS REGULATION:

Article 1

1. The cif price shall be regarded as appreciably higher than the threshold price within the meaning of

⁽¹⁾ OJ No 174, 31. 7. 1967, p. 1.

⁽²⁾ OJ No L 73, 27. 3. 1972, p. 14.

Article 21 of Regulation No 359/67/EEC when it exceeds it by at least 2 %.

2. This excess shall be regarded as being likely to continue where an imbalance between supply and demand is established and where this imbalance is likely to persist having regard to foreseeable production and market price trends.

3. The Community market shall be regarded as being disturbed or threatened with disturbance, as a result of the situation referred to in paragraphs 1 and 2, where international trade prices are so high as to impede importation of products mentioned in Article 1 (1) (a) and (b) of Regulation No 359/67/EEC into the Community, or provoke exportation of such products from the Community, either of which situations would jeopardize supplies within the Community.

Article 2

1. Where the conditions specified in Article 21 of Regulation No 359/67/EEC are met, in accordance with the criteria laid down in Article 1, the following measures may be taken:

- application of an export levy; furthermore a special levy for an export may be the subject of a tendering procedure in respect of a fixed quantity,**
- fixing of a time limit for the issue of export licences,**
- total or partial suspension of the issue of export licences,**
- total or partial rejection of outstanding applications for the issue of export licences.**

2. The measures provided for in paragraph 1 may be taken in respect of one or more of the products listed in Article 1 of Regulation No 359/67/EEC, where this is made necessary by the market situation and the relationship between those products.

3. The measures referred to in paragraph 1 shall be abrogated at the latest as soon as it is found that, for a period of three consecutive weeks, the condition referred to in Article 1 (1) is no longer fulfilled.

Article 3

1. The following shall be taken into account when an export levy is being fixed for products listed in Article 1 (1) (a) and (b) of Regulation No 359/67/EEC:

(a) situation and trends:

- for rice prices and available quantities on the Community market;
- for rice prices and for products processed from rice on the world market;

(b) the objectives of the common organization of the market in rice, namely to balance that market both as regards supplies and as regards trade;

(c) the need to avoid disturbances of the Community market;

(d) the economic aspect of the exports.

2. The factors referred to in paragraph 1 shall apply when fixing an export levy for the products referred to in Article 1 (1) (c) of Regulation No 359/67/EEC. In addition, the following specific factors shall be taken into account:

(a) prices paid for broken rice on the various Community markets;

(b) amount of broken rice required to manufacture those products and, where appropriate, the value of by-products;

(c) possibilities and conditions of sale on the world market of those products.

3. Where the situation on the world market or the specific requirements of certain markets so require, the export levy may be differentiated.

4. The export levy to be charged shall be that in force on the day of exportation.

However, the export levy in force on the day on which the licence is applied for may, on application from the interested party be lodged at the same time as the application for a licence, and before 1 p.m. be applied to exports to be effected during the period of validity of that licence.

5. No levy shall be applied to exports effected by way of food aid under Article 23a of Regulation No 359/67/EEC.

Article 4

1. Detailed rules for the application of this Regulation shall be adopted in accordance with the procedure laid down in Article 26 of Regulation No 359/67/EEC.

2. Following the same procedure and for each product:

- the Decision to institute the measures provided for in Article 2 and to discontinue the measures provided for in the second and third indents of Article 2 (1) shall be taken;

- the export levy shall be fixed at regular intervals.

3. If necessary, the Commission may institute or modify the export levy.

Article 5

In an emergency the Commission may take the measures referred to in the third and fourth indents of Article 2 (1). It shall notify its Decision to the Member States and shall publish it on the notice boards at its Headquarters.

The measures shall, by virtue of such a Decision, be applied to the relevant products from the date specified to this end; this day shall be subsequent to that of notification.

The Decision on the measures referred to in the third indent of Article 2 (1) shall be applicable for a period not exceeding 7 days.

Article 6

This Regulation shall enter into force on the day following that of its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 8 October 1973.

REGULATION (EEC) No 176/74 OF THE COMMISSION
of 23 January 1974
fixing the special export levy for white sugar and raw sugar

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 1009/67/EEC (¹) of 18 December 1967 on the Common organization of the market in sugar, as last amended by Regulation (EEC) No 1928/73 (²);

Having regard to Council Regulation (EEC) No 608/72 (³) of 23 March 1972 laying down rules to be applied in cases of considerable price rises on the world sugar market, and in particular Article 1 (1) thereof;

Having regard to the Opinion of the Monetary Committee;

Whereas, pursuant to Article 16 of Regulation No 1009/67/EEC, where the Community or any region thereof cannot be supplied with sugar at prices within the limit of the threshold price, provision may be made for charging a special export levy on sugar;

Whereas the threshold prices for white sugar and raw sugar were fixed by Regulation (EEC) No 1637/73 (⁴);

Whereas the present world market situation allows sugar exports from the Community at a price level which is susceptible to a rise in the ex-works price in the area of the Community having the greatest surplus for a delivery, such that in particular the deliveries within the limits of the threshold price to the south of Italy, which is the most distant deficit region, risk becoming uncertain, whereas a special export levy should therefore be fixed;

Whereas in order to achieve the objectives pursued the special levy may be fixed taking into considera-

tion the price levels within the Community and on the world market as well as an evaluation of the risk of a lack of supplies within the limits of the threshold price in all the Community regions;

Whereas the list of products subject to the special levy is given in Commission Regulation (EEC) No 1076/72 (⁵) of 25 May 1972 laying down detailed rules for applying export levies on sugar, as amended by Regulation (EEC) No 58/74 (⁶);

Whereas to enable the arrangements to function smoothly the calculation of the levies should be based:

- for currencies which are kept within a maximum spread at any given moment of 2·25 % on a conversion rate based on their actual parities;
- for other currencies, on a conversion rate based on the arithmetic mean of the spot exchange rates recorded over a given period for those currencies against those mentioned in the preceding subparagraph;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Sugar,

HAS ADOPTED THIS REGULATION:

Article 1

The special export levy on sugar provided for in the second subparagraph of Article 16 (1) of Regulation No 1009/67/EEC shall be as shown in the Annex.

Article 2

This Regulation shall enter into force on 24 January 1974.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

**REGULATION (EEC) No 3256/73 OF THE COMMISSION
of 30 November 1973
fixing the export levies on olive oil**

**THE COMMISSION OF THE EUROPEAN
COMMUNITIES,**

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation No 136/66/EEC⁽¹⁾ of 22 September 1966 on the establishment of a common organization of the market in oils and fats, as last amended by Regulation (EEC) No 1707/73⁽²⁾ ;

Having regard to Council Regulation No 162/66/EEC⁽³⁾ of 27 October 1966 on trade in oils and fats between the Community and Greece ;

Having regard to Council Regulation No 171/67/EEC⁽⁴⁾ of 27 June 1967 on export refunds and levies on olive oil, as last amended by Regulation (EEC) No 2429/72⁽⁵⁾, and in particular Article 10(3) thereof ;

Having regard to the Opinion of the Monetary Committee ;

Whereas, pursuant to Article 18 of Regulation No 136/66/EEC, a levy equal at most to the difference between prices on the world market and prices within the Community may be charged on exports of olive oil where the former are higher than the latter ; whereas the levy on unrefined olive oil is equal to the difference between the cif price and the market target price ;

Whereas Council Regulation (EEC) No 3206/73⁽⁶⁾ of 27 November 1973 fixed the market target price and the intervention price for olive oil for the 1973/74 marketing year ;

Whereas the Commission determines the cif price for a Community frontier crossing point ; whereas this point was fixed by Council Regulation No 165/66/EEC⁽⁷⁾ of 27 October 1966 on price measures to be applied to olive oil for the 1966/67 marketing year ;

⁽¹⁾ OJ No 172, 30. 9. 1966, p. 3025/66.

⁽²⁾ OJ No L 175, 29. 6. 1973, p. 5.

⁽³⁾ OJ No 197, 29. 10. 1966, p. 3393/66.

⁽⁴⁾ OJ No 130, 28. 6. 1967, p. 2600/67.

⁽⁵⁾ OJ No L 264, 23. 11. 1972, p. 1.

⁽⁶⁾ OJ No L 327, 28. 11. 1973, p. 12.

⁽⁷⁾ OJ No 197, 29. 10. 1966, p. 3399/66.

Whereas this price must be established on the basis of the most favourable actual purchasing opportunities ; whereas the Commission must, theoretically, take into account all known offers for olive oil of the types listed in 1 and 4 of the Annex to Regulation No 136/66/EEC made on the world market ; whereas, if there are no such offers or if such offers are not representative, the Commission must take account of all offers made on the wholesale markets in the Community which are representative for the importation of these oils ;

Whereas Article 2 (2) of Commission Regulation (EEC) No 1004/71⁽⁸⁾ of 14 May 1971 on the fixing of levies on unrefined olive oil provides, however, that the Commission must disregard offers for products of mediocre-quality, long-dated offers, and offers for small lots and lots presented in small containers ; whereas offers which are considered not to be representative of the real trend of the market and those to which Article 13 (3) of Regulation No 136/66/EEC applies must also be disregarded ;

Whereas, if no offers of the type mentioned above have been made or if the offers made cannot be considered, the prices ruling on the domestic markets of the main oil-producing and oil-exporting third countries and on the Greek market should be taken into account for the purpose of determining the cif price ; whereas in such cases those prices should be increased by marketing, loading, transport and insurance costs ;

Whereas, of the offers taken into consideration, c and f offers should, pursuant to Article 4 of Regulation (EEC) No 1775/69, be increased by 1 % ; whereas cif offers for frontier crossing points other than the one referred to above should be adjusted for transport and insurance costs ; whereas offers for delivery fas, fob or otherwise should be increased by transport and insurance costs from the point of shipment or loading to the abovementioned frontier crossing point and, in the case of fas offers, by loading costs ;

Whereas, if the offers taken into consideration are offers on the Community market, they should be reduced by unloading or disembarkation costs, import duties and levies and, where appropriate, by forwarding or other costs incurred from the cif or free-at-frontier stage to the marketing stage for which the offers were made ;

⁽⁸⁾ OJ No L 109, 15. 5. 1971, p. 17.

Whereas, for the purpose of adjusting the offers taken into consideration, the Commission should take account only of the costs which to its knowledge are the lowest ;

Whereas the cif price should be determined for the product presented in bulk ; whereas, if oil is presented otherwise than in bulk, the consequent increase in value should be deducted from the offers and the additional cost to the importer added to them ; whereas offers for unfiltered oil, whether virgin, extra, fine or ordinary, should be increased by an amount which allows for filtering costs ;

Whereas, in order to obtain comparable information on oil of the type and quality for which the threshold price was fixed, it is necessary to deduct from or add to the offers considered, according to the type and quality in question, the values resulting from the provisions of Commission Regulation No 172/66/EEC (1) fixing coefficients of equivalence for the different types and qualities of unrefined olive oil, as last amended by Regulation (EEC) No 992/72 (2) ; whereas, in exceptional circumstances, different or derived coefficients of equivalence may be applied for a limited period ;

Whereas a comparison of the information thus obtained makes it possible to determine the most favourable offers on the world market ; whereas, if no offer can be considered for the purpose of determining the cif price, the price previously taken into account should be maintained ;

Whereas the export levy on refined olive oil is equal to the difference between the cif price and the market target price, this difference being adjusted as provided for in Articles 2 or 3, as the case may be, of Council Regulation (EEC) No 443/72 (3) of 29 February 1972 on the levies on refined olive oil and on certain products containing olive oil ;

Whereas, pursuant to Article 3 of Commission Regulation (EEC) No 616/72 (4) of 27 March 1972 on detailed rules for the application of export refunds and levies on olive oil, as amended by Regulation (EEC) No 2563/72 (5), exports of olive oil falling within subheading No 15.07 A I of the Common Customs Tariff and subheading No 15.07 A II a) referred to in the first indent of Article 2 of that Regulation, in

immediate packings of a net capacity not exceeding 5 kg, are granted an exemption from the levy amounting to seven units of account per 100 kg of oil exported ;

Whereas no export levies are fixed for olive oil falling within subheading No 15.07 A of the Common Customs Tariff, in immediate packings of a net capacity of more than 5 kg, unless the difference referred to in the first subparagraph of Article 10 (2) of Regulation No 171/67/EEC is 2.5 units of account or more ; whereas no export levy is fixed for olive oil falling within subheadings Nos 15.07 A I and 15.07 A II (a), in immediate packings of a net capacity not exceeding 5 kg, unless exports of this oil are likely to cause disturbances on the Community market or the world market ; whereas the levies are fixed as frequently as is necessary to ensure stability of the Community market and in such a way as to ensure that they can be applied at least once a week ;

Whereas the levies previously fixed should be retained where variations in the factors used to calculate the levy would lead to an increase or reduction Tariff and subheading No 15.07 II (a) referred to in of less than 0.50 unit of account per 100 kilogrammes in such levies ;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis :

- in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2.25 %, a rate of exchange based on their effective parity ;
- for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph ;

Whereas it follows from applying all these provisions to the offer prices known to the Commission that the levies should be fixed as shown in the Table annexed to this Regulation,

HAS ADOPTED THIS REGULATION :

Article 1

The export levies referred to in Article 18 of Regulation No 136/66/EEC are hereby fixed as shown in the Table annexed to this Regulation.

(1) OJ No 202, 7. 11. 1966, p. 3482/66.

(2) OJ No L 115, 17. 5. 1972, p. 7.

(3) OJ No L 54, 3. 3. 1972, p. 3.

(4) OJ No L 78, 31. 3. 1972, p. 1.

(5) OJ No L 274, 7. 12. 1972, p. 11.

The levies shall apply to products falling within sub-heading No 15.07 A in immediate packings of a net capacity exceeding 5 kg.

Article 2

This Regulation shall enter into force on 1 December 1973.

This Regulation shall be binding in its entirety and directly applicable in all Member States.
