SUGGESTED PRO FORMA FOR THE SUBMISSION OF REQUEST LISTS

Note by the Secretariat

Addendum

By way of clarification, footnote (a) of Column 3 of the suggested pro forma includes the provision of information on most-favoured-nation duty rates in respect of the latest date for which such information is available for negotiating purposes. Where an importing country is proposing the use of its duty rates at a particular date, the country requesting a concession in the field of tropical products should, in column 3, cite the rate at the date proposed or, if further explanation is needed, consult the country concerned or the secretariat.

With regard to column 5 concerning non-tariff measures, it is suggested that in cases where these have been extracted from the GATT inventory or other GATT documentation, a reference might be made to the relevant document number and the inventory sheet number as appropriate.
