SUBMISSION OF REQUEST LISTS

EUROPEAN ECONOMIC COMMUNITY

Addendum

By letter of 30 March 1978 and reproduced below, the following additional request lists, addressed to Bulgaria, Czechoslovakia, Hungary, Poland and Romania have been received from the delegation of the European Economic Community and are being circulated for the confidential information of all participants in the multilateral trade negotiations.

In accordance with decisions adopted by the Group "Non-Tariff Measures" (MTN/NTM/35) and following the tabling of tariff offers by a number of major participants in January this year, I have the honour to forward to you the enclosed lists of requests addressed by the European Community to a number of East European countries participating in the MTN. These requests cover a number of non-tariff measures as well as for new import commitments.

I would be grateful if this letter and the lists could be circulated to all MTN participants.

These lists of requests are initial lists and the EEC reserves the right to present additional requests during negotiations.

EUROPEAN COMMUNITIES REQUESTS FOR CONCESSIONS
FROM BULGARIA

The European Communities attach their requests for concessions in the multilateral trade negotiations. The requests are tabled with the understanding that the lists may be modified or additional lists submitted as negotiations proceed.

The European Communities have, as a rule, not made requests on measures on which multilateral solutions are being pursued - for example, on subsidies, standards, government procurement and customs valuation. Requests in these and other areas may be submitted subsequently in the light of progress in negotiating multilateral solutions. Specific requests in certain of these areas, e.g. standards, will be provided bilaterally.
