## PROPOSAL MADE BY THE REPRESENTATIVE OF BRAZIL ON 24 SEPTEMBER 1975

The Group recognized that it was necessary to seek to identify measures which would ensure special and more favourable treatment to developing countries in areas where this is feasible and appropriate, and agreed to undertake an examination of special procedures which should be adopted in order to negotiate such measures. The Group decided further that, since such procedures should apply generally to all areas of negotiations, other Groups of the TNC should be invited to transmit to the Group "Agriculture" such special procedures adopted by them which may be appropriate for work in the area of agricultural products. In a similar fashion, special procedures adopted by the Group "Agriculture" would be transmitted to other Groups of the TNC as appropriate.
