TROPICAL PRODUCTS

Tariff classification according to the Harmonized System

Note by the secretariat

At the second meeting of the Negotiating Group on Tropical Products held on 11 May 1987 a proposal was made that the classification of tropical products according to the Harmonized System be circulated in advance of final documentation (MTN.GNG/NG6/2, paragraph 4). This document provides a listing of the Harmonized System code numbers and product descriptions that the secretariat has provisionally identified for the products covered by the 1982-84 consultations on tropical products. The listing also indicates relevant four-digit CCCN headings and product groups (see below). It may be noted that the HS code numbers identified often cover not only tropical products but also non-tropical products.

The listing is provided without prejudice to the definition of tropical products and is subject to verification by delegations.
