TROPICAL PRODUCTS

Indicative List Submitted by Morocco

The following communication dated 4 July 1988 has been received from the delegation of Morocco with the request that it be circulated to all participants.

The Permanent Mission of the Kingdom of Morocco to the United Nations Office and other International Organizations in Switzerland presents its compliments to the GATT secretariat and has the honour to advise that, in accordance with the negotiating procedures adopted on 29 January 1988 by the Negotiating Group on Tropical Products, the delegation of the Kingdom of Morocco is submitting herewith an indicative list of products of export interest to Morocco.

In order to observe the negotiating objectives for the sector, the Kingdom of Morocco considers that it would be necessary:

1. to eliminate global quotas, discretionary licensing and seasonal quotas;
2. to eliminate reference prices for imports;
3. to ease and harmonize sanitary standards and other non-tariff obstacles;
4. to improve and broaden the coverage of GSP schemes;
5. to make provision for special and differential treatment in favour of developing countries.

The Kingdom of Morocco reserves the possibility to supplement or modify this list at any time during the process of negotiation.

This Mission would appreciate the GATT secretariat arranging for this list to be circulated.
