**RESPONSES TO REQUESTS FOR ADDITIONAL INFORMATION**

The following communication received from the delegation of Yugoslavia in response to requests for additional trade information addressed by the EEC (MTN.GNG/NG6/TI/2) is circulated to the members of the Group.

---

I have the pleasure to refer to the work of the Negotiating Group on Tropical Products and in particular to the information requested from Yugoslavia by the EEC in the letter dated 5 April 1988.

The background information on the seven product groups covered by the negotiations is submitted in observance of the principle of transparency, without prejudice to the Yugoslav position on negotiating modalities or reciprocity, in the conviction that the objectives and consistent implementation of Part IV of the GATT and the specific mandate established in the Punta del Este Ministerial Declaration should be respected.

EXPLANATORY NOTES

LB - liberalized imports

LBO - conditionally liberalized imports exist only for import regulation until the dinar becomes convertible. Conditionally liberalized import represents liberalized import but within the possible volume of payments, which is adjusted to the volume of import envisaged by the balance-of-payments of Yugoslavia. The extent of the possible volume of payments for conditionally liberalized imports is calculated on the basis of the effected imports of goods (except for import of equipment, import based on long-term co-production ventures, import based on investments by foreign persons in domestic organizations of associated labour) and invisible payments of every entity in the previous year. It is subject to revision depending on the export activity of every entity, on the basis of its quarterly performance. The revision is carried out by the authorized bank.

D - import licence

Q<sub>q</sub> - quota fixed in quantity

Q<sub>v</sub> - quota fixed in value

S - prior approval of the Federal Secretariat for Foreign Economic Relations which aim is to promote import from developing countries by direct purchase of products originated in those countries  
MLV - special charge payable on certain agricultural and foodstuff products.
