Synoptic Tables of Specific Negotiating Results
for the Uruguay Round Mid-Term Review

Note by the secretariat

1. The attached tables contain a synopsis of specific results obtained as a result of negotiations conducted before the mid-term review between the following participants: Australia, Austria, Brazil, Canada, Central American countries (Costa Rica, El Salvador, Guatemala, Honduras and Nicaragua), Colombia, European Communities, Finland, Japan, Malaysia, Mexico, New Zealand, Norway, Philippines, Sweden, Switzerland, Thailand, and United States.¹ These tables have been updated on the basis of the outcome of these negotiations recorded in MTN.GNG/17 and Add.1 and taking into account additional information and corrections of a technical nature which have been notified by delegations and circulated as corrigenda to these documents.

2. General notes regarding specific negotiating results provided in document MTN.GNG/17 are reproduced below.

"1. The present document contains a first result obtained thus far in the negotiations. It consists of contributions by a number of participants towards the achievements of the objectives established by the Ministerial Declaration of Punta del Este for negotiations on tropical products in the Uruguay Round. This result will be further improved and extended in the course of continuing negotiations in the light of paragraphs 2 and 3 under the heading "Tropical Products" in Section III of the Report of the Group of Negotiations on Goods to the Trade Negotiations Committee.

¹Autonomous unilateral contributions have been made in the Negotiating Group on Tropical Products by Czechoslovakia (cf. MTN.GNG/NG6/LT/47), Hungary (cf. MTN.GNG/NG6/LT/39), Poland (cf. MTN.GNG/NG6/LT/48), South Africa (cf. MTN.GNG/NG6/LT/45 and Add.1), Indonesia* (cf. MTN.GNG/NG6/LT/49) and the Republic of Korea (cf. MTN.GNG/NG6/LT/50). Some information on the contributions of these countries is available in country notes on page 4.

* Not yet circulated pending notification by the Republic of Korea of details of its announced trade liberalization measures.

2. These contributions are made under the following terms and conditions:

- (a) Participants undertake to apply the measures indicated by them on a provisional basis, for the duration of the Round, it being understood that if any participant finds it necessary to withdraw any or all of its contributions other participants may wish to reassess their own contributions;
- (b) in relation to m.f.n. contributions, individual participants undertake to consider binding concessions at the end of the Round in the light of the overall results achieved."

3. The synoptic tables should be read in conjunction with the above notes, as well as the individual country lists circulated as attachments to documents MTN.GNG/17 and Add.1. The country notes on pages 3 and 4 of this document provide a quick guide on the individual country lists submitted by 18 countries/markets and include some additional information provided by the delegations of these countries/markets after the circulation of MTN.GNG/17 and Add.1. For information only, the country notes cover six other countries which have made autonomous unilateral contributions.

4. While the synoptic tables include, at the request of some participants, the indication of fully bound duty-free items having existed since before the Uruguay Round, these tables do not provide a full record of trade liberalization measures previously adopted in individual markets and do not contain an indication of tariff and non-tariff measures which are not currently being reduced or eliminated.

5. These tables are presented according to product groups and sub-groups. Information on products not falling within the seven product groups is provided either at the end or as footnotes to relevant products.

6. This document is intended as a working document only and in no way replaces or supercedes documents MTN.GNG/17 and Add.1, which contain the official result of negotiations.

COUNTRY NOTES
(as of 12 May 1986)

Country/Market	Column (A) base/previous rate of duty	Implementation Date	Binding (see also general notes regarding specific negotiating results on page 2)	Nature of contributions and other restraints
Australia	Base rate as at 20.7.86	i) Designated items (mostly products in Chapters 24-94) - shaded between 1.7.88 and 1.7.92 iii) Undesignated items - 1.7.88	Australia is prepared to negotiate the binding of all tropical product tariffs	The country list indicates MFN tariff reductions, which will automatically reduce GSP rates: Australia maintains a GSP margin of five percentage points on MFN rates on all tropical products where applicable (i.e. wherever there remains scope for such preferential margins).
Austria	1988 rate	1.7.89	MFN bindings have been offered conditionally until the satisfactory end of the Uruguay Round and subject to burden sharing and appropriate contributions	The country list indicates tariff actions (MFN, ESP and LDC). EEC actions are subject to the same conditions as for MFN bindings. Some new MFN rates and improvements of ESP offers have been notified later.
Brazil	1986 rate	Implemented on 1.1.88		The country list is presented according to CCCN-based Brazilian tariff classification with indications of MFN actions. Indications in the sympathetic tables are based on the identification of corresponding HS heading numbers by the delegation of Brazil.
Canada	1988 rate	At the earliest opportunity in 1989		The country list indicates MFN tariff actions. With respect to 7 tariff items Canada will consider introducing contracts of each item to cover specific tropical products of export interest to developing countries. This information is yet to be received.
Central American countries	1988 rate	i) Expected before the end of 1989		The country list is presented according to CCCN-based tariff classifications with indications of corresponding HS heading numbers and MFN tariff actions.
Colombia		28.11.86	Ceiling binding offered for two items	MFN tariff action (reduction of 2 items)
EEC		i) MFN tariff actions - 1.7.89 ii) GSP tariff actions - 1.1.89 iii) GSP elimination - 1.7.89		The country list indicates tariff actions (mostly) MFN; GSP for two items) and the elimination of quantitative restrictions applied by member States on tropical products.

The country list includes some autonomous tariff reductions not accompanied by such undertakings	The country list indicates tariff actions (mostly MFN and EEC; LDC for beeswax) and the termination of import quotas. A note refers to the abolition of commodity tax and sugar excise tax and the introduction of consumption tax on all the goods and services uniformly. The country list also indicates autonomous tariff reductions on plywood for information only.
Malaysia		ii) 8 items - 1.4.89 iii) unilateral tariff reductions implemented on 21.10.88 for other items	ii) 8 items - binding at ceiling level considered at the end of the Round	The country list indicates MFN tariff actions

¹Implementation date yet to be notified.

Switzerland has later notified a revised list of its contributions specifying 8-digit tariff sub-positions and reduced tariff rates on the basis of previous indications. However, Switzerland is still to specify its actions on four items.
Thailand		September 1988		Unilateral MFN tariff reductions on 3 items
United States	Tokyo Round final rate of duty	Expected before summer recess, by presidential proclamation	The binding of MFN concessions will depend (i) for agricultural/tropical products on a successful outcome for agriculture in the Round, (ii) for industrial/tropical products on receiving concessions or contributions in the area of interest to the United States from participants benefitting from the US concessions, consistent with the relevant provisions of the Punta del Este Declaration, and (iii) for two rattan products on the outcome of discussions to relieve the adverse economic effects of the Indonesian export embargo on rattan and rattan parts. B = bound or binding to be undertaken¹

U = unbound or binding not undertaken

(Column (A) does not show "B" or "U" except for items subject to the binding of existing duties).

QR = elimination of QR

"0" in column (A) denotes that the MFN rate has already been bound at zero for the whole item.

"0,U" in column (A) and "0" in column (B) means that the country concerned has undertaken to consider binding at 0 per cent for an unbound duty-free item.¹

"5.0,U" in column (A) and "5.0" in column (B) means that the country concerned has undertaken to consider binding at the base rate of 5.0 per cent¹

¹With certain conditions as stated in paragraph 2 above and in the country notes (see the column for binding).
