UNDERTAKINGS PURSUANT TO PARAGRAPH 15 OF
THE MID-TERM REVIEW DECISION ON AGRICULTURE

Notification from Finland

In accordance with the agreements reached at the Mid-Term Review of the Uruguay Round concerning the short-term elements in agriculture, particularly with regard to paragraph 15 of the said decision, I have the honour to submit the following notification:

The Government of Finland is reducing its subsidization of exports of agricultural products. A new legislation to this effect has been passed by our Parliament. The following figures indicate the decreasing relative share of the Government in the main commodities:

Year	1989	1990
Milk	100%	92%
Pigmeat	100%	76%
Beef	100%	67%
Eggs	100%	86%
Cereals	100%	91%

The Government-paid export subsidies this year have been calculated to amount to FIM 2.800 million. If the harvest in 1990 will be normal, the corresponding amount will be reduced to FIM 2.540 million.
