ROLLBACK

Notification

The following notification has been received from the Permanent Mission of Argentina.

I have the pleasure to refer to our notification (MTN.GNG/NG2/W/69/Rev.1) to the Negotiating Group on Non-Tariff Measures concerning recognition of the import liberalization measures applied by Argentina.

That communication lists twenty-seven tariff headings which remain subject to the prior-licensing procedures. Since the outset of the Uruguay Round, when almost half of the tariff headings were subject to that procedure, the Government of the Argentine Republic has liberalized virtually all its imports.

Thus, with the exception of the twenty-seven positions mentioned above, all other imports are subject only to the application of tariffs.

I transmit this information to the Surveillance Body for the purpose of notifying the measures adopted by my country pursuant to the Uruguay Round rollback commitment.
