Group on Quantitative Restrictions and Other Non-Tariff Measures

PRODUCTS OF EXPORT INTEREST TO DEVELOPING COUNTRIES

Note by the Secretariat

Revision

1. Ministers have decided that, in the work of the Group, adequate attention is to be given to the need for action on quantitative restrictions and other measures affecting products of particular export interest to developing countries (L/5424).
2. At the meeting held on 10 March 1983, the Group was informed that a list of products of particular export interest to developing countries would be established on the basis of the documentation prepared in the context of the Committee on Trade and Development's work on trade liberalization¹ and that developing contracting parties would be invited to indicate any modifications which they wished to see in the list. This list was annexed to document NTM/W/4 and developing contracting parties were invited to indicate any such modifications to the secretariat by 15 June 1983.
3. The list, as amended by comments received from developing contracting parties, is annexed to the present document.
4. The products in this amended list, and the measures affecting these products, will be clearly identified in the comprehensive document to be produced for the Group (GATT/AIR/1900, paragraph 3).
