20 May, 1947.

SECOND SESSION OF THE PREPARATORY COMMITTEE OF THE UNITED NATIONS CONFERENCE ON TRADE AND EMPLOYMENT

ADDENDUM TO REPORT OF CHARTER STEERING COMMITTEE

Programme for Consideration of Draft Charter

The following paragraph should be added to Document E/PC/T/72 as the final paragraph on page 3 :

It is suggested that Chairmen of Commissions should be empowered to lengthen the period allocated for the debate on each Chapter or group of Articles whenever it is found that the time allocated is not sufficient for a full discussion in the Commission. In addition, Chairmen should endeavour to give whatever time is necessary to sub-committees to report adequately on the matters which have been referred to them. The Charter Steering Committee will follow the progress of Charter discussions closely and will, should it become necessary, make suggestions amending the schedule appearing as an annex hereto.
